## Erasmus Open Spaces

Outgoing exchange students (both Erasmus and Outside of Europe exchange) must meet certain academic requirements to study abroad. This criteria is clearly set out on the College of Engineering and Architecture website [here](#).

All qualifying students are subject to final approval by the Engineering programme Board Student Applications Committee (EPBSAC).

Engineering students must match all modules whilst abroad to what they would normally study at UCD. Please note that whilst every effort has been made to ensure that modules are available, modules at your host institution are not guaranteed and your research is vital.

## ACCESS & STUDENT SUPPORT

### Erasmus Open Places

Erasmus Open Places are spaces that are open to students across multiple disciplines, meaning that whilst these options are open to you, they are not specific to your subject area and you will be competing with students from other disciplines for these spaces. Please note the UK is no longer in the Erasmus scheme but are included in these spaces.
