Information for Members

Introduction

The below is intended to provide guidance to appointees to the sub-committees of Academic Council – both members and Chairs.

While the Terms of Reference for each Committee outline that Committee's role and responsibilities as delegated by the Academic Council, this document provides general guidance on the expectations and responsibilities of individual Committee members.

Academic Council & Delegated Authority

The Committees of Academic Council are established by the Academic Council and are delegated functions accordingly. The functions of the Academic Council are enshrined in the Universities Act 1997 as follows:

- a) to design and develop programmes of study,
- b) to establish structures to implement those programmes,
- c) to make recommendations on programmes for the development of research,
- d) to make recommendations relating to the selection, admission, retention and exclusion of students generally,
- e) to propose the form and contents of statutes to be made relating to the academic affairs of the university, including the conduct of examinations, the determination of examination results, the procedures for appeals by students relating to the results of such examinations and the evaluation of academic progress,
- f) to make recommendations for the awarding of fellowships, scholarships, bursaries, prizes or other awards,
- g) to make general arrangements for tutorial or other academic counselling,
- h) to perform any other functions, not in conflict with this Act, which may be delegated to it by the governing authority, and
- i) to implement any statutes and regulations made by the governing authority relating to any of the matters referred to in this subsection.

Under UCD Statute, the Academic Council has the power to delegate any of its functions to the Registrar, to an officer or to a committee established in accordance with the Act. Academic Council or its relevant committees shall review the function, operation and decisions of such committees or officers on a regular basis.

Currently, the following Committees of Academic Council have delegated functions:

The Academic Council meets at least twice per academic session (normally in November and April).

Committees' Terms of Reference

Committees may not take decisions or make recommendations to the Academic Council which are outside the functions delegated to it by the Academic Council.

Academic Council Standing Orders

The Academic Council Standing Orders set out the rules by which the proceedings of the Academic Council, and its committees (where relevant) are operated. The full version is attached; however, the following sections provide a high-level summary of the provisions of the Standing Orders.

Role of the Chair

The Chair has a key role in the leadership and governance of the committee and the conduct of its business. The role of the Chair is separate and distinct from the role in which the Chair is employed by the University, or elsewhere.

The Chair reviews and approves the meeting agenda and papers in advance of their circulation to members.

The Chair's responsibilities include:

- Effectively managing the Agenda, ensuring that adequate time is available for discussion on agenda items, and particularly, strategic issues/items for Decision;
- Promote openness and debate among members and facilitate the contribution of all members;
- Ensuring that decisions are accurately captured for the purpose of minuting the meeting.

Conduct of Members

All members of the Academic Council and its committees are expected to:

- be collegial and constructive in approach.
- participate fully in the work of the Academic Council or Committee.
- take collective responsibility and individual ownership for the issues under the Committee remit

- and for the discussion and resolution of relevant issues.
- be committed to communicating the work of the Committee to the wider University community.

Attendance

Members may not nominate others to attend meetings on their behalf, unless specifically permitted in that Committee's Terms of Reference.

If unable to attend a meeting, members are asked to formally notify the Committee Secretary in sufficient time so that apologies may be recorded at the meeting.

Attendance records of the meeting will be kept for reporting purposes, and failure to attend three successive meetings, or at least 50% of meetings in an academic session, may result in removal as per the Academic Council Standing Orders.

Membership Information

The full membership listing (and relevant category of membership) for each Committee is published online on the [University Governance website](#).

This is updated at the beginning of each academic year to ensure accuracy. Members are asked to notify the Committee Secretary of any changes to academic titles so that the listing can be kept up to date.

Members are advised that membership listings may be shared with UCD HR for reporting purposes, to include University reporting on gender and on ethnicity.

Meeting Dates

All committees are required to meet at least twice per academic session. Meeting dates will be communicated to Committee members at the beginning of the academic year and will be published online on the [University Governance website](#).

While every effort is made to adhere to the agreed schedule, meeting dates may change depending on external factors.

The published meeting dates are considered as Ordinary Meetings of the Committee. Members may be asked to participate in Special Meetings and Electronic Consultations as required and in line with the Academic Council Standing Orders.

Meeting Documentation & Meeting Conduct

Notification of an Ordinary Meeting, to include the Agenda Notification, will be issued to members two weeks ahead of the scheduled meeting.

The final agenda and documentation for a meeting will be circulated in accordance with the agreed timelines for each committee, however, the minimum period for circulation of papers is one week prior to the

meeting. Members are encouraged to review the 'Conduct of Meetings' section of the Academic Council Standing Orders which details procedures for bringing items of business to a committee.

It is worth noting the following provisions in particular:

- Other Business' will be used only to inform the meeting of agenda items which are proposed for the next following meeting or to convey briefly other items of information of a factual nature. Other business should not be used to introduce matters that require discussion and/or decision. Other business should be conveyed to the Secretary at least 3 working days in advance of the meeting and will only be included on the express permission of the Chair.
- Members can request that an item be moved from Formal Approval or Noting to Discussion/Decision. They should indicate this to the Secretary not less than three days in advance of the meeting, the Chair will decide the item's agenda position.
- Specific detailed feedback on any agenda item may be provided in writing to the Secretary at least three days in advance of the meeting and is encouraged from members unable to attend the meeting.

Decision Making

Decisions are determined by consensus, but where in the opinion of the Chair consensus is not possible, the issue will be decided by a majority of the votes of members present and voting on the issue.

Members who are not in agreement with a decision can request to have this recorded in the minutes. Debate and discussion are encouraged.

Conflict of interest and Confidentiality

Members are expected to treat all meeting documentation with due confidentiality and are required to comply with the University's Conflict of Interest Policy.
