100	PA_mea	PATPSI Mean score	-	-

Measures included

Measure name	Parental Attitudes Toward Psychological Services Inventory (PATPSI)- Stigma subscale only
Authors	Turner, 2012
Variable numbers in data set	92-99
Variable names in data set	PA_1 to PA_8
Description of measure	A revised measure to assess parents' attitudes toward outpatient mental health services. Series of statements rated: strongly disagree (0), disagree (1), somewhat disagree (2), some- what agree (3), agree (4) or strongly agree (5).
Modifications to the measure	Stigma subscale only
Scoring	Sum of ratings for each of the 8 items – higher score indicates more negative attitudes towards seeking psychological help
Recoding carried out	None
