Taught MSc Programmes

<i>Please type YES beside or circle your program code</i>	Full-Time	Part-Time
MSc Applied Mathematics and Theoretical Physics – Negotiated Learning Director: Assoc. Prof. Vladimir Lobaskin	F124	F125
MSc Computational Physics – Negotiated Learning Assoc. Prof. Nicolae-Viorel (Vio) Buchete	F120	F121
MSc NanoBio Science Director: Assoc. Prof. Brian Vohnsen	T149	===
MSc NanoTechnology – Negotiated Learning Director: Assoc. Prof. James Rice	F122	F123
MSc Physics – Negotiated Learning Director: Prof. Brian Rodriguez	T103	T147
MSc Space Science & Technology Director: Prof. Lorraine Hanlon	F060	===
MSc Medical Physics Director: Assoc. Prof. Luis León-Vintro	T342	T343

FIRST CHOICE SELECTION

Please list the modules you would like to take:

NanoBio Science, Medical Physics, and Space Science & Technology have preselected modules; please use this form for any additional modules you wish to be registered for. For all other programmes, please list all of the modules you wish to take, noting that PHYC 41090 (Bioinspired Technologies) is compulsory.

Modules (90 ECTS in total)			
Module Code (& CRN # if known)	Module Title	Credits	Trimester

Students: Once you have discussed and selected modules with your director, please ask your Program Director to then email your choice to claudia.rodriquez@ucd.ie

SUBSEQUENT CHANGES TO MODULES:

If you want to make changes to your module selection, your Programme Director will need to re-approve this form. This can be owing to module capacity or simply because you start the module and later wish to change it. Please mark the desired changes below and resubmit the previously approved form.

As per <https://www.ucd.ie/students/registration/checkingyourcredits/> you should drop any Autumn Trimester modules that you don't want by Friday, 1 November 2024 to avoid being charged for them.

Modules to Drop			
Module Code (& CRN # if known)	Module Title	Credits	Trimester

Modules to Add			
Module Code (& CRN # if known)	Module Title	Credits	Trimester
