

# SUPPORTING DECISION MAKING OF PEOPLE WITH INTELLECTUAL DISABILITIES

**One Day Conference**  
(Wednesday 8th July 2020 £95)  
**and Roundtable**  
(Thursday 9th July 2020 £45)

This two-day event, comprising a one day conference and one day Roundtable aims to bring together researchers, practitioners and policy makers to share research about approaches to realising the right of people with intellectual disabilities to make decisions about their own lives. It provides opportunities for discussion about key ideas, to compare and contrast initiatives and consider common practice challenges.

## **Expressions of Interest and Registration**

We are now seeking expressions of interest from researchers to present an overview of their work in this field and issuing an open invitation to attend

and participate in the one day conference and follow up Roundtable. Both events are hosted in Keynes College, University of Kent, Canterbury, UK and will run from 09.30 – 17.00. Fees are £95 for the conference and £45 for the Roundtable. The Tizard Centre and United Response will also host a Conference on Person-centred Active Support on Wednesday 7th July.

International Association for  
the Scientific Study of Intellectual  
and Developmental Disabilities

**TIZARD**  
University of Kent

Details on registration and fees for all events can be found by clicking this link
