- Open **SSASECO** in Banner
- Enter the **Term** code for the academic year/intake or click on the three dots for a list
- If you want to restrict your search to a particular trimester, enter the relevant value in **Part of Term** e.g. AUT for Autumn, SPR for Spring, FYR for full year modules
- Use Add Another Field to include prompts for Subject and **Course** – this will let you search by Module Code
- For **Subject**, enter the letter part of the Module Code e.g. ENG
- For **Course**, enter the number part of the Module Code e.g. 10020
- Add any other prompts that might be useful e.g. Section
 - Quick tip: entering ES1 in the **Section** field will restrict your search to Resit CRNs
- Click on Go or press F8 on your keyboard to show all the CRNs associated with the module (depending on the criteria you entered)
- There may be more than one CRN associated with the module. If you look at the Schedule Type information you can see if the CRN is for a lecture or a tutorial etc. (e.g. LA1 = Lecture)
- Use Filter Again to start a new search
