

UCD Sustainable Energy Community

<https://www.ucd.ie/sec/>

Objectives: The UCD Sustainable Energy Community aims to develop skills and capacity in energy efficiency at a UCD community level, and to promote investment, research and education in smart and renewable energy technologies in UCD. The symposium provides an opportunity to hear about energy sustainability issues from industry and academic experts. Participants have an opportunity to submit a poster. Masters and early-stage PhD students are particularly welcome and encouraged to come and share their creative ideas about how to create a clean energy system.

Registration: The symposium on Monday 12th Jan 2026 is free to attend but registration is required. Register [here](#) by Monday 5th January 2026. You can indicate your interest in presenting a poster in your registration.

Symposium Programme

Time	What	
9.00 - 9.30	Registration	Quinn School of Business
9.30 - 10.30	Keynote Talk 	Prof Fabiano Pallonetto , Maynooth University <i>Data-driven community energy models and community engagement.</i> Chair: Dr Annunziata Esposito Amideo
10.30 - 11.00	Coffee	
11.00 - 12.00	Keynote Talk 	Dr Noelle Ameijenda, EirGrid <i>Energy Analytics for Transmission Systems – the Big Picture.</i> Chair: Dr Ciarán Mac Domhnaill
12.00 - 13.00	Panel Discussion	Offshore Wind with Prof Andrew Parnell , Prof Lisa Ryan , Dr Michelle Carey , and Assoc Prof Vikram Pakrashi , Moderator: Assoc Prof Paula Carroll
13.00 - 14.15	Lunch and Posters
