*GPA: Grade Point Average. The Award GPA is the average grade earned by a student, calculated by dividing the Grade Point of the applicable modules (determined by the programme) by the number of credits earned for those modules

GPA Range: 0 to 4.2

Key 3. Definitions

Stage and Credits

A student will progress through a programme in stages. Completion of each stage normally requires the successful accumulation of credits specified for the programme.

Programme specifications define the credit requirements of each stage of a programme, and will specify the range of modules which must, or may, be taken in order to satisfy those credit requirements.

1 credit is equivalent to 1 ECTS credit and is associated with 20-25 hours of learning.
